Simplicity. Flexibility. Value.

If you're looking for an easy-to-use, flexible, and affordable classroom display, look no further than the ActivPanel LX. Designed to work with your current technology platform - along with the software and apps you know and love - this robust interactive display provides the quality, dependability and versatility you expect from Promethean.!

The ActivPanel LX can be connected to a laptop with a single USB-C cable instantly turning your computer into a large format interactive display. It can also be paired with an Android certified device to give you the Google Play Store, whiteboard, screen share, annotate, spinners and timers.

Our OPS-A computing module, an Android 12 device, was built specifically for use with the ActivPanel LX. With this cost-effective, powerful device, you can create an intuitive, seamless user experience for both teachers and students.
