

ActivPanel LX

Simplicity meets versatility

For those who value simplicity without sacrificing functionality, the ActivPanel LX is the perfect choice. It's designed to deliver essential interactive features in a streamlined package.

Seamless integration with the tech you use

Option 1: Plug & Play

The ActivPanel LX can be plugged into a computer with a single USB-C cable, instantly turning your computer into a large-format 4K interactive display.

Option 2: OPS-A

Elevate the ActivPanel LX with a Google EDLA-certified OPS Android computing device giving you access to the Google Play Store and Promethean's suite of apps such as whiteboard, annotate, spinners and timers and screen share.

Wall mounted or on a mobile trolley, the Promethean ActivPanel LX is the perfect fit for the classroom and a great projector replacement not to mention the 5 year on site warranty.
